

Class 1 newsletter Feb 2024

Welcome back to the second spring term.

I hope you all had a nice break and managed to dodge some of the rain. There are lots of signs of spring beginning to appear and hopefully some better weather might be on the way.

If you have any concerns or questions at all, please do get in touch or speak to either myself or Mrs Gambles directly. This usually solves problems quickly and accurately, rather than with confusion and hearsay.

You can speak to us in person at the beginning and end of the day. You can leave a message for us to get in touch by phoning the office (01457853371)

What's on ...

It is a short half term, finishing on March 28th, and there will be a lot to pack into this one. Please keep an eye on the newsletters for up and coming events.

Our topic is 'Healthy bodies, healthy minds' and but we will also be learning about spring and Easter—lots to do.

Year 1 homework

The homework project for year 1 will be sent home this week, linked to our topic—Healthy bodies, healthy minds.

They also have weekly spellings and the CGP books. Please remind your child to hand this in when they have completed 2 pages.

Learning

The intended learning that the children will be doing will be posted on the website in a flow chart. This will be our aims for the half term and helps to give you an idea of what your children may have been doing. Please have a look at it.

Reading

Thank you for supporting your child with reading. They are doing really well and it continues to be important that you help them a little bit each day, reading the book they bring home. Please return these on a Wednesday
